*The Human Fertilisation and Embryology Act 2008 was a major update to the UKs laws on the use and regulation of reproductive technology and assisted reproduction. Since the enactment of the new law, the sectors regulatory body, the Human Fertilisation and Embryology Authority (HFEA), has also consulted on various related topics including barriers to egg and sperm donation in the UK, multiple births/single embryo transfer and using IVF technology to prevent mitochondrial disease. This book crit ...*
